

“HAPPY INTERNATIONAL WOMEN’S DAY...”

Too often women are denied the opportunity to reach their full potential. The irony is that by keeping women down, men lose out too. On March 8th of every year, events are held throughout the world to acknowledge women’s contributions on International Women’s Day.

When victims of abuse make the brave decision to leave their batterers, they often have fewer resources other than the clothes on their back. Many women have been under financial control of their batterer and are unaccustomed to managing their own money. Some have not been allowed to acquire the skills needed to earn living wages.

“Women’s empowerment helps raise economic productivity and reduce infant mortality. It contributes to improved health and nutrition. It increases the chances of education for the next generation.”
– Nicholas Kristof & Sheryl WuDunn “Half the Sky”.

Next Door Solutions celebrates the inclusion of our new Self-Sufficiency program, which seeks to provide tools of empowerment and independence for our most vulnerable population.

Clients will have the opportunity to acquire the financial literacy skills needed to attain their own checking accounts and develop healthy credit scores. Workshops will be held on resume building, interview preparation, and much much more.

Next Door needs your help to financially support our Self-Sufficiency Program. To learn how you can be a part of the solution, please find more information at www.nextdoor.org.

Peace,

Kathleen Krenek
